- Expert in using tools like Figma for designing web pages with excellent UI and UX.
- Proficient in creating engaging graphics and web content using Adobe Suite and Canva.
- Skilled in developing automated workflows and email campaigns with tools like Mailchimp and Zapier.

Soft Skills

- Problem-Solving
- Creativity & Innovation
- Attention to Detail
- Communication & Collaboration
- Adaptability & Learning Agility
- Project Management & Organization
- Client Relationship Management
- Time Management
- Leadership & Teamwork

Web Designer / Developer / Tech VA

Your Perfect Solutions LLC May 2021 - Ongoing (Part Time)

- **Custom Web Solutions:** Developed Client websites using WordPress, Divi, Elementor and custom PHP/JavaScript, achieving a client satisfaction score of 9.5/10.

- **PWA App Development: Built and deployed Progressive Web Apps (PWAs) using Passion.io, Andromo, and Beezer.io,** enabling clients to reach mobile audiences with app-like user experiences without app store barriers. Enhanced engagement through push notifications, offline accessibility, and mobile-first design.

- **Content Generation & Copywriting:** Produced SEO-aligned Online Course Content, Blog posts, product descriptions, and landing page content tailored for both readability and keyword performance. Improved content ROI by aligning with high-intent search queries identified through Ahrefs and SEMrush.

- **Graphic Design & Branding:** Designed logos, infographics, social media creatives, and brand identity kits using Adobe Photoshop, Illustrator, InDesign, and Canva, reinforcing consistent branding across web and app platforms.

- **Video Editing & Multimedia Production:** Edited and produced videos for product showcases, tutorials, and social campaigns using Adobe Premiere Pro, Filmora, CapCut, and Camtasia and AI Powered tools such as HeyGen, resulting in stronger engagement and improved retention across client campaigns.

- **Marketing Automation & Email Campaigns:** Built and automated email funnels and drip campaigns using Mailchimp and Pabbly, integrated with websites and PWAs to improve customer nurturing and conversion rates.

- **Client Collaboration & Strategy:** Partnered with clients to translate business goals into actionable digital strategies, providing guidance on web, SEO, and PWA integration to maximize online visibility and ROI.

- **Website & App Maintenance:** Handled ongoing security updates, backups, and performance monitoring via WP Engine and Cloudflare, ensuring continuous uptime, fast load speeds, and reliable user experiences.

- **Analytics & Reporting:** Monitored traffic and engagement using Google Analytics, Search Console, and Ahrefs, generating actionable insights to refine design, content, and SEO strategies.
